702.942.7325

The limited edition 2020 Carroll Shelby Signature Series Mustang is the ultimate combination of unparalleled beauty and unbridled brawn. From its refined, yet functional styling to its poised handling and brutal power, this is the most polished performance car in Shelby American's history.

The Shelby American team spent the past two years carefully engineering and refining the car to create a vehicle worthy of Carroll Shelby's name. The body was widened with high quality aluminum fenders to create a "square" footprint so the one-piece forged Monoblock wheels and tuned MagneRide suspension could maximize the horsepower. The metallic ram air hood, front fascia and bodywork was sculpted to both tame the air and dramatically drop under hood temperatures. These enhancements enable the Signature Series Shelby to perform flawlessly lap after lap and mile after mile.

Only 50 of the refined super cars will be offered through select dealers in North America. Each will be memorialized in the official Shelby Registry.

Standard Features

Performance

- Shelby supercharger system (Edelbrock for EU)
- Shelby extreme cooling (radiator, aluminum tank, heat exchanger)
- Performance half shafts
- Transmission cooling (automatic only)
- Short throw shifter (manual only)
